REMOTE INTERNSHIP 2020-21 PASSOUT BATCH ONLY

Dear Candidate

Hope this email finds you well. As you must be aware that given the current uncertainty caused by COVID-19 in the in-office hiring process, the best way to find fresh talent right now is by hiring work from home interns. For this, Exposys Data Labs in association with AICTE is launching the Challo Exposys Data Labs Lets Work From Home campaign on 15th June 2020 which will exclusively feature work from home internships across all profiles.

About the campaign: Since students across India have had their in-office internships either deferred or canceled, they are now actively seeking opportunities to work from home. This campaign aims at virtually connecting the best talent of the country with companies offering such opportunities.

What's in it for you? This campaign will be promoted among 3 million+ students across India and thus, you are likely to get more internship visibility and applications than usual. Along with this, you can avail our 'invite candidates' and 'online chat' feature for a smooth hiring and onboarding process.

So, if you have any internship requirements for a duration of 1 week - 6 months,

latest by 15th June 2020.

Kindly reach out to me in case you have any questions.

P.S. - Please feel free to share this email with other HRs or colleagues in your network as well.

Stay home and stay With Internship

Regards,

HR
