Dear sir,

Greetings of the day!

It was a pleasure talking to you. As discussed regarding the summer online internship program with Microsoft Certification below are the details of the program. Kindly share the same with your students.

Students from B.E. Computer Science, Information Technology, E & TC, Electronics, MCA, BCA, B.Sc CS/IT can apply for the program.

Kindly share this link with your students;

**Microsoft & Google-certification based Online Summer Internship Training program**

**Webinar will be held on Wednesday, 7<sup>th</sup> of October 2020 from 6:30pm to 7:30pm**

<https://attendee.gotowebinar.com/register/4274103373277635088>

We train you to get you ready for company specific test by making you practice on company specific mock test for e.g. TCS, Infosys, Tech mah, Capgemini etc.

**Aptitude + Company specific Mock test + Data Analytics & Data Science mapped to Microsoft & Google Certification**  
Skilled data analysts are some of the most sought after professionals in the world. Because the demand is so strong, and the supply of people who can truly do this job well is so limited, data analysts command huge salaries and excellent perks, even at the entry level.

**Aptitude + Company specific Mock test + AI & ML using Python bundled with Microsoft Certification**  
As more organisations begin to explore and invest in machine learning and artificial intelligence, they're looking to hire more experts to integrate these technologies into their business initiatives and this is driving the demand of machine learning engineer and is about to make the skills one of the hottest in the IT field.

**Aptitude + Company specific Mock test + Java | Adv Java with database bundled with two Microsoft certification**  
Java is among the most in-demand OOPS based languages on the job market and is the most popular choice for setting Android apps. It's also widely used in cloud applications, machine learning environments, and Internet of Things.

**"For 3rd Year students Going to Fourth year"**
